Ghotit

Assistive Technology That Understands You

Background

Ghotit offers assistive technology solutions designed to help individuals with dyslexia and dysgraphia become independent writers and readers. Developed by founders who have personally experienced these challenges, Ghotit provides tools to overcome daily reading and writing obstacles.

Values

Ghotit is committed to accessibility, inclusivity, and empowerment. It values innovation in assistive technology, providing personalized tools to enhance reading and writing for individuals with dyslexia and dysgraphia. Ghotit fosters confidence, independence, and equal opportunities, ensuring everyone can communicate effectively and reach their full potential.

Goals

Ghotit assists individuals with dyslexia and dysgraphia through advanced spell checking, grammar correction, word prediction, and speech-to-text support. Its customizable software enhances confidence, reduces frustration, and improves accuracy, empowering students and professionals to read, write, and communicate independently.
